## ITEMS IN 18K GOLD

This section displays a selection of item codes from our silver catalog which have been made in 18K yellow gold. Greek Jewelry Shop's rich selection of articles is fully featured in Sterling Silver and gold items are available by custom order. The item codes in this section are duplicates of corresponding items in silver which are listed in our price-list. Gold items are not listed in our price-list and are subject to individual quotes. If interested in inquiring about item prices in this section , in contacting us please specify the material as being 18K gold.
